Violet Li

UX & Product Designer | MFA Candidate in User Experience Design, SCAD
Savannah, GA | hiivioletli@gmail.com | (912) 220-0695 | violetli.design | linkedin.com/in/xinpengli-violet

Education

Savannah College of Art and Design — M.F.A. in User Experience Design 2025 – Present
Coursework: Contextual Research, Information Architecture, Prototyping, Usability Testing, Cognitive Human Factors

Kingston University London — BA (Hons) Creative and Cultural Industries: Design Marketing 2022 – 2025
Coursework: Design Thinking, Creative Problem Solving, Design Marketing, Customer Mindfulness

Design Projects

Huddle — Campus Social App | SCAD, Theory of UX Design Spring 2026
UI & Interaction Designer · Team of 3 · 10 weeks

- Designed a social app that makes starting conversations low-pressure for the 50%+ of students who feel lonely.
- Partnered with the research lead on 25 surveys, 6 interviews and a 3-person diary study, synthesizing 130+ data points into 6 insights, 3 personas and design criteria.
- Led UI and interaction design for 5 core features, from low-fi wireframes to a high-fidelity Figma prototype.
- Co-ran 2 rounds of moderated testing across 6 core tasks; redesigned navigation, privacy cues and chat hierarchy, raising the SUS score from 83.3 to 97.5.

Kingston Campass — Campus Wayfinding App | Kingston University Sep 2024 – Dec 2024
UI/UX Designer · Team of 3 · 12 weeks

- Surveyed and interviewed students across two campuses, revealing that newcomers struggled to find classrooms.
- Designed an AR wayfinding app from 3 personas, with step-free routes for wheelchair users, adjustable contrast and timetable-linked route planning.
- Built user flows, wireframes and a design system for a clickable Figma prototype, refined through 2 rounds of usability testing (e.g. left/right cues instead of compass directions).

FT Club — Loyalty Program for the Financial Times | Kingston University Client Project Jan 2024 – Mar 2024
Customer Research & Design · Team of 6 · 11 weeks

- Led customer research on a brief to grow reader loyalty, surveying FT readers and building customer profiles; found 60% wanted rewards and 61% preferred a digital program.
- Co-designed a QR-code stamp rewards program linking print issues to the FT app; pitched it in 2 client presentations.

Skills

Research: User interviews, surveys, contextual inquiry, diary studies, affinity mapping, personas, usability testing
Design: Information architecture, user flows, wireframing, interactive prototyping, design systems, inclusive design
Tools: Figma, ProtoPie, Framer, Maze, Miro, Adobe Creative Suite, Rhino; HTML, Processing, AI-assisted prototyping
Product & Strategy: Competitive analysis, business model canvas, market research, brand positioning

Other Experience

Actor | UAL Film MA, London, UK Jun 2023 – Jul 2024

- Developed the role of Victoria through script analysis, refining the performance with the director and cast.

Ceramics Apprentice | Little Little Ceramics Workshop, London, UK Sep 2023 – Mar 2024

- Designed ceramic pieces to the workshop's creative direction, iterating on forms and glazes with the lead artisan.

Teaching Assistant | Chelsea Chinese School, London, UK May 2023 – Jul 2023

- Taught craft and drawing techniques in simple steps and supported lesson planning with the lead teacher.

Honors

Rookie of the Year, Rank B — Web & App Design, The Rookie Awards Aug 2026
